And many many more.....

Did you know that if you work for one of the companies above you can help Friends At Becket School (FABS) raise a lot of money for very little effort!

All of these companies offer something called Matched Fundraising, where they will offer to “match” funds raised by an charitable organisation such as Friends At Becket School . For example, just by helping out for half an hour on a stall at the Christmas or Summer Fayre that raises £200, you could then ask your employer to “match” this by contributing another £200 – thus increasing the Friends funds significantly.

Just think if we had someone who works for one of these companies working on each stall even for 15 minutes we could end up doubling our profits!

Ask your Employer today if they can help and let us know! We are always welcome to help at our events, whether it be for ½ hour or the whole event. How good would it feel to hand over a cheque for money raised that you made for the school!
